TS3 announces acquisition of PressCom Electronics Mesa, AZ

Franklin, TN, September 30, 2009 -- TS3 Technology, Inc. announced today that they have purchased the assets of PressCom Electronics a low-volume, high-mix EMS provider based in Mesa, AZ primarily focused on the defense and aerospace markets. The PressCom acquisition will provide TS3 a platform in the high growth defense and aerospace markets.

“The acquisition of PressCom continues TS3’s commitment to acquire companies that position us as a preeminent value added EMS supplier”, stated Mike McCammack, President and CEO of TS3. “Additionally, it will significantly enhance the company’s position to grow the defense and aerospace business rapidly”. TS3 is a leading provider of EMS services with 183,000 square feet under roof in Houston, TX; Franklin, TN; and Phoenix, AZ to support the Industrial, Energy, Medical, Telecommunications, Government and Military markets focused on supporting the low to mid-volume/high-mix customer programs.
